Dear Coach

As summer starts – the prime period for individual skill improvement, we at Higher Level Basketball wanted to touch base with area coaches to make sure you were aware of ways we assist coaches, players and parents.

My name is Rob Raque and I'm the President & Lead Instructor for Higher Level Basketball (HLB), a Louisville-based company whose primary focus is individual skill improvement for players.

We work to raise the level of players via our skill instruction program, camps & clinics, an AAU team program and a host of other support services. How can HLB assist you & your players? Here are a few highlights:

## For COACHES:

(1) Paid opportunities to join our coaching staff:

- a) Teams: Coaching one of our Middle school or High school teams in spring and/or summer.
  - ◆ Looking for both head and assistant coaches
  - ◆ Stipends paid to our AAU coaches.
  - ◆ Limited time commitment for practices and weekend tourneys

- b) Instructional Leagues & Classes: Assisting with teaching skill classes or coaching in our fall instructional leagues. Pay ranges from \$15-\$20/hr with a limited time commitment.

(2) As you enter summer leagues/camps, if you have any coaching questions, whether player personnel issues, X's & O's, or specials situations, we'll be glad to try and help. Please feel free to consult any of our senior staff via email, phone or Facebook. You can find our contact info on our website, [www.higherlevelbb.com](http://www.higherlevelbb.com).

## For PLAYERS

Skill Instruction Program

Skill & Conditioning Classes

All of our programs are designed and supervised by our National Association of Basketball Coaches (NABC) Professional Development Series (PDS) certified staff of former college coaches and players.

We would be glad to add you to our email list for our periodic emails regarding events and opportunities with HLB. If interested, please click the link below the one for this letter on our homepage and complete the form on the ensuing page.

If you have additional questions or players who could benefit from our program, please feel free to contact us, forward our information, or send them to our website. If desired, you can forward their contact info to us and we will follow up with them. Thanks for your time and attention and good luck with your future coaching endeavors!

Regards,

Rob Raque
